HP PHOTOMART PREMIUM 309G

This latest all-in-one printer from HP has a 3.4-inch touchscreen display, Bluetooth and support for SnapFish photo accounts online. It can connect to your user account and allows printing of web albums without the need for a PC. Other features include automatic two-sided printing and inbuilt HP Auto Sense technology to prevent users from printing on the wrong side of expensive paper. Pictures can also be printed directly from the iPhone.
