Snapfish - online photo service by HP – today announced the

availability of free Snapfish application for the iPhone users. Users can now download the Snapfish application from the App Store at absolutely no charge to upload, share and store several photos instantly from their iPhone.

To download the Snapfish application, users can search for 'Snapfish' in the App Store. Those who do not currently have a Snapfish account can create one for free directly from the app or at www.snapfish.in. Once the Snapfish app has been downloaded, the application allows users to upload their phone pictures and share them with multiple mobile numbers and email addresses.

Features of Snapfish iPhone App

- Easy, fast uploads - upload several photos at once
- FREE, unlimited storage
- Share photos and albums to multiple mobile numbers and email addresses
- Icon shows which photos have been uploaded
- Toggle between uploading photos and browsing and sharing your existing Snapfish photos
